Message From our President

Hi to all members of the Mother Lode Model T Club. Boy has it ever turned

cold these last few days of February, but where is the rain we need? This gives us more time to work on our Model T's to get them ready for the upcoming touring season that will be here before you know it. We do have a Safety Inspection Day coming up at the Goodell Residence on Saturday April 9. Hope to see everyone there. I would like to thank everyone who attended our Annual Crab Feed. The crab was excellent as always. I would also like to thank everyone who helped with set up and tear down. Thank you to John Boorinakis and son Zach for making and giving away as a door prize a charcuterie board and also thanks to David Pava for supplying the wine produced from his home vineyard. A special thanks to Elaine, Mindy and Susie for staying by my side all night and making the crab feed a total success.

The next big event will be our Annual

President's Message-Continued

Charter Lunch on March 26 at the Ridge Golf Course and Event Center in Auburn. If you have not signed up make sure to get your check and meal selections to Susie by March 9. This will be our 53rd year as a MTFCA Chapter. Don't miss out. Then we actually have a driving tour on the books with the David Pava Multi Club Tour on March 27. Let's all try to make this tour. Also, put on your calendar April 9 at 10:00 am for the Safety Inspection Day at the Goodell residence, sponsored by Eric and Cindy Lindstedt and Gordan and Kitty Goodell. Get your car over there and get it checked out, could save you a tow truck ride. I have scheduled a Board Meeting on Monday March 7th at the Round Table Pizza in the Elm Center in Auburn at 5:30 pm for Pizza and 6:30pm for the meeting. Again, one of the main topics will be the Swap Meet. We are still in need of committee chair people to make this event a success. Hope to see you there. P.S. Notice the time change for the Board Meetings, they will now be the same time as the General Meetings.

In closing, I would like to thank everyone for all your support and help in keeping the Mother Lode Model T Club active and I look forward to seeing you all at the March Monthly Meeting.

Thank you - *Your President Gary Krezman*

Crab Feed Report

On February 11 our Mother Lode Model T Club held their Annual Crab Feed at the Auburn Airport. There was 35 members and 10 guests in attendance.

Lots of great appetizers, socializing and crab.

We had plenty of help for set up. John Boorinakis brought a door prize, a Charcuterie Board made by his son Zach. Dave and Patricia Pava brought some of homemade red wine to enjoy. John also makes the delicious crab dressing every year.

Want to give a big thank you to Elaine Marriott for helping from start to finish. She is a new member who jumped right in. Also, our daughter Mindy for helping all evening. Stephanie and Dennis Furr also helped with set up.

Ken Marriott volunteered to take the garbage to the dump for us, he and Levi helped with clean up also. Rodney Powell, who is Toni and Jerry Moore's son also helped with clean up. So nice to see Janice Saylor out, we miss you.

Gary Krezman was the organizer of this Event, and did a great job. Thank you.

Mother Lode Model T Club donates state of the art tool to Auburn Fire Department - Traci Newell, *The Auburn Journal*, Feb 11, 2022 9:00 AM

The Auburn City Fire Department has one more tool in its engines now, thanks to a donation from the **Mother Lode Model T Club**.

Members of the Mother Lode Model T Club were at the Maidu Fire Station on Monday to see first-hand how their donation would be put to use to benefit the community. Their \$2,500 donation went toward the purchase of a new thermal imaging camera for the department.

Battalion Chief Rob Zaucha said the tool provides an image using infrared technology to help show people, hot spots and more in dark spaces or a smoke-filled room.

"We can use this for fires false alarms. It will help us rule out a fire, it will help us find the seed of a fire by showing where the majority of heat is coming from," said Captain Lucas Rogers.

To show an example, Zaucha and his team filled a training hallway with water-based smoke to mimic the difficulty they face when searching for victims in a fire.

"When you look in a smoke-filled room, you can't see anything," Rogers said. "This tool will help us see almost everything. It will help us find a way out faster and will help us perform searches for victims faster."

Charter Celebration

March 26, 12 N

RSVP Date Change – Please Reserve by March 9.

The Mother Lode Model T Club was organized in 1968-1969 by five Auburn Model T owners, known as the “Founding Five”; Gil Machado, Ron Brown Sr., Max Edmonds, Bob Nowack and Harold Ellingson.

The new club was incorporated in 1969 as a non-profit and became a chartered chapter of the *Model T Ford Club of America*. Those that joined the club in 1969 are recognized as charter members. Their children at the time were also recognized as charter members.

The history and the chartering of the club is celebrated every year in March. This year we will be celebrating on March 26 at the Ridge Golf Club and Event Center in Auburn. You can find the flyer with details and RSVP form in this newsletter. **Please RSVP by March 9.**

During a discussion of having Overnight Tours it was mentioned that many members do not have trailers. It would be best to drive to a Lodge and than take day tours from there. One suggestion was to drive to a Community Swap Meet.

Old Business: Gary, Kitty and Phil, he drove his Model-T. They met at the Madiu Fire Station to donate the check for their Safety Equipment. It is a very Advanced Infrared Model that can be used to search for people and pets in smoky fire situations. Gary, Kitty and Phil were given a demonstration with a room filled with artificial smoke. It can also be used to search for persons lost in the outdoors or wilderness situations. The Auburn Journal had an article and picture of the presentation. John also placed it on our website. John has Club Shirts for the new members. They were not at the meeting.

Adjourned with no further discussion the meeting closed at 7:30pm.
